Importance: High

Hi, Ed, Dan, David, and Dianne,

My apologies for any duplicate e mails. Attached is OIG's Discussion Document for its inquiry into Bristol Bay (OPE-FY14-0039), addressed to Region 10 (ORA, ETPA, ORC, OWW), Office of Water (OW), and Office of Research and Development (ORD).

R10, OW and ORD, will probably combine responses to the Discussion Document into a

single document. Comments to OIG are due by August 5; I will provide a timeline for comments and review by tomorrow.

Please forward the Discussion Document to appropriate staff, or let me know to whom it should be forwarded. Comments' formatting is flexible and can be rendered as redlining or as separate comments. If you have any questions, please contact me.

Thank you,

Alan Lee, MSSW

Attached for your review is the OIG's Discussion Document on Bristol Bay, Alaska. This document is being provided to get your initial comments and feedback on the report contents prior to the official draft report. Due to the intricacies of some of the subject matter, what is provided is the complete report including the At-A-Glance as well as appendices. We request your comments on the report within 15 days (August 5, 2015). We will work with your audit coordinators to arrange a meeting to discuss the report contents and any written or oral comments you might have. After consideration of your comments we will provide you the official draft report.

The report may be distributed to those within the Agency that may have comments. We ask that the report not be distributed to anyone outside of EPA.

We very much appreciate the cooperation and coordination you and your staff provided during the review. Should you have any questions, please contact me at 303-312-6969.

Thanks

Pat
